

Keeping the tradition alive

Scoring Information

The score sheets that you will be using should be self-explanatory. General information on scoring the three phases of the Sporting Day follows:

Overall

The optimum score for the entire Sporting Day of Traditional Driving is 100 points.

Turnout Inspection

A possible 50 points may be earned in the Turnout Inspection. The judge(s) will award each driver a score in five categories (horses/ponies, harness, carriage, driver/grooms/passengers, and general impression). Each of these five scores will range from 1 to 10, with 10 being "of exemplary quality" and 1 being "extremely poor." The total number of points earned will be that driver's score for the Turnout phase. If there is more than one judge, their scores will be averaged.

Country Drive

A possible 25 points may be earned in the Country Drive. From the starting point of 25, points will be deducted as follows:

- 2 points for each failed Drivers' Test.
- 5 points for not completing the course within the margin surrounding the time allowed.
- 5 points per occurrence for not going through a mandatory course gate (maximum of 25 points).

Cones Course

A possible 25 points may be earned in the Cones Course. From the starting point of 25, points will be deducted as follows:

- 2 points for knocking down a ball from the cones.
- 2 points for cantering (each occasion).
- 5 points for exceeding the time allowed.
- 5 points for repairable equipment breakage (continuing on course is at the judge's discretion).
- 10 points for taking a set of cones out of order.
- 10 points for failing to go through a set of cones.
